

CLUB
MANAGEMENT
SYSTEM

Problems

- Growing number of student -led activities in colleges.
- Miscommunication and missed deadlines.
- Manual workload
- Lack of centralized information
- Event mismanagement
- Poor management and Tracking

How our project solves the problem

- Explore all clubs at one place
- Platform to create a new club
- Provide role-based access (Creator, Member, Participant)
- Enable smooth tracking of events, an achievements.
- Check deadlines of competitions
- Reduce errors in event registrations and participant records.
